

God Bless

Mary Mary

In the mall one day I saw you walking past
And then I looked again and you were gone
Well anyway I thought about when I last talked to you
And how I prayed for you and how I told you things would be fine
In time you would be okay if that was you then, God bless God bless you been on my mind thought I'd call you
up and tell you
God bless you and I'm glad you didn't break under the pressure
God bless, I know it's been a while since we spent time together
God bless you and I'm glad to see you doing so much better I remember when you made a big mistake and had
to go away
And when your time was spent you did all you could to prove
You had changed
So many people didn't wanna give a second chance
But you didn't let that keep you from getting on your feet again God bless you been on my mind thought I'd call
you up and tell you
God bless you and I'm glad you didn't break under the pressure
God bless I know it's been a while since we spent time together
God bless you and I'm glad to see you doing so much better God bless you been on my mind thought I'd call
you up and tell you
God bless you and I'm glad you didn't break under the pressure
God bless I know it's been a while since we spent time together
God bless you and I'm glad to see you doing so much better now I really wanna let you know, I'm so happy for
you
You didn't let nothing hold you back, you did just what you had to
To change your situation and get yourself together
Made it through whatever, wishing you the best God bless you been on my mind thought I'd call you up and tell
you
God bless you and I'm glad you didn't break under the pressure
God bless I know it's been a while since we spent time together
God bless you and I'm glad to see you doing so much better God bless you been on my mind thought I'd call
you up and tell you
God bless you and I'm glad you didn't break under the pressure
God bless I know it's been a while since we spent time together
God bless you and I'm glad to see you doing so much better God bless
God bless you
God bless
God bless you and I'm glad to see you doing so much better
