Not thinking about you
Is the worst minute of my day
Not thinking about you
Is the worst minute of my day
Not thinking about you
Is the worst minute of my day
Not thinking about you
Not thinking about youYou work in a run down drive through
I'm always the first in your queue
I don't like the food but I like you
I do, I do, I like you
You sing in a bar on frith street
I watch every night from the same seat
I don't like the songs, cos they go on and on
The songs go on I knowEvery place that you lived
Every guy that you kissed
Do you know I exist?I should give it up up up up up
But I can't get eno uh uh uh ough
I don't try to fight it
Coz secretly I like it
Can't get out of my be eh eh eh ed
Or get you out my he eh eh eh ead
I don't try to fight it
Coz secretly I like itNot thinking about you
Is the worst minute of my day
Not thinking about you
Not thinking about youWoke up from a dream I just had
Can't forget the dream was so rad
Even when I sleep I think of you, I do
I think of you about
