Scandalous

JD McPherson

Look at that mama with that gold capped tooth
See how she shimmies in them high heeled shoes
That crazy womans got savoir-faire
Walkin with her nose way up in the air
Scandalous
What they say when they look
When they look
When the look at us
Look at that daddy in them gator shoes
Comin in that Caddy with the rag top boot
Garnier watch and a long gold chain
A tailor made suit and an ivory cane
Scandalous
What they say when they look
When they look
When the look at us
Theyll talk about us
We got no care
Walkin like some new born millionaires
There aint nobody finer bother you and me
Baby we can keep our own company
(Instrumental)
Theyll talk about us
We got no care
Actin like some new born millionaires
There aint nobody finer bother you and me
Baby we can keep our own company
Look at us mama we got the style
A high school Caesar and the queen on the Nile
The two of us got savoir-faire
Walkin with our nose way up in the air
Chorus (x2)
Its scandalous
What they say when they look
When they look
When the look at us
