

Hit Me Like a Drum (Live @ Pukkelpop)

Parov Stelar

Your love is hope
What did you lose
Nothing at all
Lights off
Drinks up
I'll take you away
To someplace new
And i know you've heard it all before
We've got questions about the door
We don't care who else is there
No time to sit around and cry
Take my hand and let us fly
Next thing you know we're out the door
Oh, I wanna dance with you and sail through the sun
Lie in fluffy clouds while we sip on bottled rum
Oh, I wanna dance have some syncopative fun
I may die before I'm 80 but you'll still hear me and my drum
[INSTRUMENTAL]
And i know you've heard it all before
We've got questions about the door
We don't care who else is there
No time to sit around and cry
Take my hand and let us fly
Next thing you know we're out the door
Oh, i wanna dance with you and sail through the sun
Lie in fluffy clouds while we sip on bottled rum
Oh i wanna dance have some syncopative fun
I may die before I'm 80 but you'll still hear me and my drum
Lets run off and we'll go chase our fairy tales
They don't need to come
You , me
And our fairy tales
Your soul, and my drum
Oh, i wanna dance with you and sail through the sun
Lie in fluffy clouds while we sip on bottled rum
Oh i wanna dance have some syncopative fun
I may die before I'm 80 but you'll still hear me and my drum
[INSTRUMENTAL]
I may die before I'm 80 but you'll still hear me and my drum

Oh, i wanna dance with you and sail through the sun
Lie in fluffy clouds while we sip on bottled rum
Oh i wanna dance have some syncopative fun
I may die before I'm 80 but you'll still hear me and my drum
Oh, i wanna dance with you and sail through the sun
Lie in fluffy clouds while we sip on bottled rum
Oh i wanna dance have some syncopative fun
I may die before I'm 80 but you'll still hear me and my drum
