

# Come Home Baby

Rod Stewart

I know just how bad I've hurt you  
Oh yeah  
Make it all up to you some way  
What can I do just to prove I love you?  
Should I beg on my knees baby please come home? Come home baby  
Baby just come on home  
Come home baby  
I need your love so bad  
Come home baby  
Yes I do  
Come home baby I'll be good to you, I promise  
I'll do anything that you say  
I want your kiss, I can't go on like this  
Treat me bad if you must, baby just come home Come home baby  
Baby baby baby  
Come home baby  
I need your love so bad  
Come home baby  
Baby come on home  
Baby come on home  
Baby baby baby come home What can I do just to prove I love you?  
Should I beg on my knees baby please come home? Come home baby  
Baby just come on home  
Come home baby  
Any old time you want to  
Come home baby  
I'll be right here, you know that, you know that  
Come home baby  
Come home  
Come home baby  
Need you right here  
Come home baby  
Baby come home  
Come home baby  
Please please come home  
Come home baby  
Yeah, yeah, yeah, yeah
