

Kill The Lights

Britney Spears

[Danja Intro Radio News Break]

Ladies and Gentlemen, we interrupt our program of dance music to bring you a special bulletin from the Intercontinental Radio News. Our very own Pop Princess, now Queen of Pop, has a special announcement she would like to make.

You're on
I think I'm ready for my close-up
Yeah

You don't like me, I don't like you, it don't matter
Only difference you still listen, I don't have to
In one ear and out the other I don't need ya
Your words don't stick, I ain't perfect but you ain't either

If you're feeling froggy leap
I ain't even losin' sleep
There's more to me than what you see
You wouldn't like me when I'm angry

Mr. Photographer, I think I'm ready for my close-up
Tonight. Make sure you catch me from my good side
Pick one. These other ha just want to be me
Is that money in your pocket or you happy to see me?

Kill the lights! (Take 'em out, turn 'em off, break 'em down)
Kill the lights! (Don't be scared, make a move, see me now)
Kill the lights! (I feel you, watching me, watching you)
Kill the lights! (You can't handle the truth, what happened to it?)
I killed (the lights, the lights, the lights) Pure-Satis-Faction
I killed (the lights, the lights, the lights) Lights, camera, action
I killed (the lights, the lights, the lights) Pure-Satis-Faction
I killed (the lights, the lights, the lights) Lights, camera, action

All the flashing, Trying to cash in, hurts my eyes
All the poses, out of focus, I despise
F me over, your exposure, not the best
If that was bad, watch how I release this stress

Mr. Photographer, I think I'm ready for my close-up
Tonight. Make sure you catch me from my good side

Pick one. These other ha just want to be me
Is that money in your pocket or you happy to see me?

Kill the lights! (Take 'em out, turn 'em off, break 'em down)
Kill the lights! (Don't be scared, make a move, see me now)
Kill the lights! (I feel you, watching me, watching you)
Kill the lights! (You can't handle the truth, what happened to it?)
I killed (the lights, the lights, the lights) Pure-Satis-Faction
I killed (the lights, the lights, the lights) Lights, camera, action
I killed (the lights, the lights, the lights) Pure-Satis-Faction
I killed (the lights, the lights, the lights) Lights, camera, action

You're the star now, welcome to the big league
They all want a pic, they all wanna see... see...
See what you're made of, what you're gonna do
Is life gonna get the best of you?

Kill the lights! (Take 'em out, turn 'em off, break 'em down)
Kill the lights! (Don't be scared, make a move, see me now)
Kill the lights! (I feel you, watching me, watching you)
Kill the lights! (You can't handle the truth, what happened to it?)
I killed (the lights, the lights, the lights) Pure-Satis-Faction
I killed (the lights, the lights, the lights) Lights, camera, action
I killed (the lights, the lights, the lights) Pure-Satis-Faction
I killed (the lights, the lights, the lights) Lights, camera, action

Yeeeeaaaaah
Yeeeeaaaaah
Yeeeeaaaaah
