Bluebird

Swan Lake

Bluebird brave in the night
bluebird brave in the night
drew the red circle
drew the red circleso fire away
bluebird brave in the night
bluebird is mine until my heart stops bleeding
and fire away
'cause you drew the circlethe sea will be silver until my heart stops bleeding
so fire away
bluebird brave in the nightblue one claim your target, swell
the bones have to be strong
to build the frame that holds the bell
you have to place upon
and fire away
bluebird brave in the nightbluebird is mine until my hearts stops bleeding
fire away
'cause you drew the circle
the sea will be silver until my heart stops bleeding
so fire away
bluebird brave in the night
bluebird brave in the night
