

One Big Family

Half Pint

Get ready for the judge in me
It's coming over, get on your feet
All my goodness is all I got for you
Have I shown you lately what my clan can do?
I own your arse now by rights, yeah We got family, we got family
So when I call you up get y'all in
We got family, we got family
So when I call you up get y'all in Get ready for the judge in me
He's coming over, get on your feet
All my goodness is all I got for you
Have I shown you lately what my clan can do?
I own your arse now by rights, yeah We got family, we got family
So when I call you up get y'all in
We got family, we got family
So when I call you up get y'all in
We got family, we got family
So when I call you up get y'all in
