

Kaboom Pow

[Nikki Yanofsky](#)

I'll be your wonder woman
You'll be my super man
Or, I can play the villain
Try to catch me if you can
Colored pages come alive
When you are by my side
You be my hero for the night
I'll be your Kryptonite
Takin' off now
Ahoooo
Tonight we're going 24 hours
So turn it up a little bit louder
Blowin' fuses, feel the power
Popping out
Like kaboom pow
Tonight we're going 24 hours
So turn it up a little bit louder
Blowin' fuses, feel the power
Popping out

Like kaboom pow
Doo dah doo dah didnah doo dah didnah dah doo oooh x2
You always make me blush
'Cuz you're so marvel-ous
My X-ray vision on a mission
lookin' out for love
I see you sitting out in the sky
I know you're on your way
Chasing trouble for the night
And almost saving the day
Takin' off now
Oooh oooh oooh oooh
Tonight we're going 24 hours
So turn it up a little bit louder
Blowin' fuses, feel the power
Popping out
Like kaboom pow
Tonight we're going 24 hours
So turn it up a little bit louder
Blowin' fuses, feel the power
Popping out

Like kaboom pow
Doo dah doo dah didnah doo dah didnah dah doo oooh x2
Ooooh
Rescue me
From the black and the white
Pick me up
And we'll fly high tonight
Tonight we're going 24 hours
So turn it up a little bit louder
Blowin' fuses, feel the power
Popping out
Like Kaboom Pooooooooow
Tonight We're going 24 hours

So turn it up a little bit louder
Blowin' fuses, feel the power
Popping out
Like kaboom pow (4x's)
