

Salute

Azealia Banks

Louis Vuitton on the hook
Wang's in 'em
A good shoe for a bad bitch
Fuck with her
Eating with Jimmy Iovine
Lunch with her
She's a get-money bunny
Bum bitches, bite my style, Dracula
Wear your Wu-Tang fangs
Novocane from Frankie
Your gonna need some backin' up
Super-save these hoes

Catch me in N.Y, Uptown, the Battles up
Ponys and polo hoodies
All ready to saddle up
Mami I'm no rookie, already the champion
Boobie you not pretty, you lookin' like a regular
Blonde cuties, space cadets, astronauts
Most niggas booty or Britneys or Ericas
Come and get me, et cetera, et cetera
Any challenge I bet I wet 'em up
Salute, What's good
Salute a bad bitch you should
Salute, What's good
Salute a bad bitch you should
