

# Stupid Car (Demo)

## Radiohead

I find it hard  
To drive your stupid car  
I find it hard  
Cause I never get that far  
And you put my brain in overload  
And I can't change gears  
I cannot see the road  
You got concrete eyes  
And I cannot see your face  
And I failed in life  
Cause you crushed me with your hands  
And you put my brain in overload  
I can't change gears  
I cannot see the road
