

Magnetized

Wilco

Orchestrate the shallow pink refrigerator drone
Carry in the shadows almost all
Everyone wastes my timeThe woman that you would murder motions you awake
Every apprehension 8 a.m. ache, ah
Everyone wastes my timeEverybody goes ah
I'm lonelyI sleep underneath
A picture that I keep of you next to me
I realize we're magnetizedOrchestrate the shallow pink refrigerator drone
Carry in the shadows, ah
Everyone wastes my timeI sleep underneath
A picture that I keep of you next to me
I realize we're magnetized
I realize we're magnetizedI realize we're magnetized
Realize we're magnetized
