Save Yourself

So They Say

What the hell are dreams anyways?
Mysteries, incredible body hocus pocus
Truth is, we still don't know what they are
Or where they come fromI know why I asked you to remember
What they said to us
'Cause when I try to run I just shake
I just shakeDon't replace my words
With softly spoken phrases
To cover my bruises and cuts
Bruises and cutsBut as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourselfBut as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourselfI can't catch my breath
For long enough to stand up to fight
In a sense we all die
We all dieEveryone's a victim and I am the suspect
The verdict is in and it's all my faultBut as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourselfBut as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourselfBut as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourselfBut as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourselfBut as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourself
