

# Dim The Lights

**Till Br  nner**

No I don't wanna see it  
And I don't wanna believe it  
I don't wanna be around  
Don't wanna reap what I've sown

Dim the lights we said  
'Cause I don't wanna see what's become of me

We play the slider  
Asking what's the matter  
Center of the cause  
Denying what is natural

Dim the lights we said  
'Cause I don't wanna see what's become of me

No I don't have it  
And I don't wanna need it  
I have no faith in anything  
Anything at all

Dim the lights we said  
'Cause I don't wanna see what's become of me
