

The Hard (ft. Dana Williams)

Freddie Gibbs

[Intro/Bridge: Dana]

I know that life is short

But we can't move too fast[Verse 1: Freddie]

Hit the block, dressed in white, straight on Jackson Nikes

Call my partner Mike, copped a pint, put fo' in my
Sprite

55 a line, that's aight cause I'm 'bout that life

Pussy on my mind, bitch you tired, it's that mouth
tonight

Weed and waffles in the morning

Downtown Chicago, smoking on some shit that I imported

MDMA, light up her day, sometimes she like to snort it

And shit was too dry with that Tony, bitch now I'm
reloaded

Bitch I'm reloaded

And I'm chopping up the hard, dopeboy I played my part

Fuck with the gangsta type, ain't got no stripes, then
you's a mark

Smoking Carolina Blue fresh out the Carolina Park

So much gunplay in the day, just might be safer in the
dark

And this Glock ain't got no safety, the owner got no
patience

So please don't make my finger and this trigger make
relations

Said this Glock ain't got no safety, straight make yo
ass a patient

Guess I'll slang until my grave or take that federal
vacation

Nigga, nigga[Bridge][Hook: Freddie]

These niggas want it so I'm chopping up the hard, I'm
chopping up the hard

These niggas say they want it so I'm chopping up the
hard

Said I'm chopping up the hard, I'm chopping up the hard

These geekers say they on it so I'm chopping up the
hard, nigga[Verse 2: Freddie]

Whip the crack, dressed in black, just picked up a pack

Feeling great, dropped some 28s, got 'em jumping back

Jumping up, what the fuck, G.I. they don't fuck with us
Most these niggas out the Mid wasn't breathing 'til I
bust a nut
Rob a nigga, father figure, dope house was my college
nigga
Plus my part time job didn't make no dollars, I'm a
water whipper
See through you like windows, basis of your heart is
artificial
Mob of hungry niggas like we came straight out of
Mogadishu
What's the issue? Stack full of pancakes and my pistol
Shit official, when you see the police, nigga hit that
whistle
They out to get you, so fuck all my opponents
They can peel me off this corner cause I know...[Hook][Verse 3: Dana]
I know that life is short
(Life's short, know what I'm saying, you gotta get
moving, know what I mean)
But we can't move too fast
(Know what I'm saying, I ain't tryna run a race or no
shit like that, you know)
Cause if we go right now
(Nigga just tryna get out here and chop, chop it up and
get mine, you know
Piece of the pie)
It will never last
In the morning
When the sun comes up
And everything is cold
It's a new day
And life is beautiful
But so Im cold[Freddie:]
Just let me make it to another morning [x4][Hook]
