Rosemary

Deftones

There's no sound
But the engine's drone
Our minds set free
To roam
Time shifting
We discover the entry
To other planes
Our minds bend
And our fingers fall
Entwined, we dream
I know
Time shifting
We discover the entry
To other planes
Stay with me
As we cross the empty skies

Come sail with me
We slow down
As the engines stall
Our eyes catch seen
Explode
Time shifting
We discover the entry
To other planes
Time shifting
As we collide with the energy
In other worlds
Stay with me
As we cross the empty skies
Come sail with me
We play in dreams
As we cross the space and time
Just stay with me
