Bad, Bad, Bad

Raghav

From the moment I saw her
She had to be mine
There's just somethin' about her
So awesomely right
She's not decked out in Prada
Or drippin' in ice
She's got natural beauty
And sensuous eyes
So baby, don't walk away
Give me just once chance to step up and win your love
Baby, just talk to me
Give me just one chance to step up and win your love
Because
I've searched high and low
And everywhere I go
I've never felt so sure
You're so bad, bad, bad
And girl you see it too
My everything's for you
Just tell me what to do
You're so bad, bad, bad
There's no words to explain
And no way to define
It's a special connection, girl
Your heart with mine
You've been sent from above
Yeah, you're one of a kind
I wanna be in your soul
Girl, I wanna stay in your mind
So baby, don't walk away
Give me just once chance to step up and win your love
Baby, just talk to me
Give me just one chance to step up and win your love
Because
I've searched high and low
And everywhere I go
I've never felt so sure
You're so bad, bad, bad
And girl you see it too

My everything's for you
Just tell me what to do
You're so bad, bad, bad
I've searched high and low
And everywhere I go
I've never felt so sure
You're so bad, bad, bad
And girl you see it too
My everything's for you
Just tell me what to do
You're so bad bad bad
Just when my world was gettin' colder
You saved me girl by walkin' in my life
I'm so glad my search is over, yeah
'Coz I've finally found, yes I know, I've found her
Girl, you're so bad
Bad, bad, bad
I've searched high and low
And everywhere I go
I've never felt so sure
You're so bad, bad, bad
And girl you see it too
My everything's for you
Just tell me what to do
You're so bad, bad, bad
I've searched high and low
And everywhere I go
I've never felt so sure
You're so bad, bad, bad
And girl you see it too
My everything's for you
Just tell me what to do
You're so bad, bad, bad
I've searched high and low
And everywhere I go
I've never felt so sure
You're so bad, bad, bad
And girl you see it too
My everything's for you
Just tell me what to do
You're so bad, bad, bad
