

First Winter of Bloodred Snow

Absurd

Silence in the woods
Nobody seems to be here
Black ice covers the floods
Cursed the cound, show no fearThe knives of revenge
Are waiting to kill
At darkest night
The blood to spill
Enemies are slaughtered, never to be found
Their mutilated bodies buried in the winterly ground
See fear in their eyes
That's the reward for your lies
Your fuckin hearts I pull to pieces
I love your deathscreams sound
I broke your bones and cracked your heads
The Pagan madness heres around
I eat your guts and soak your blood
The first time it colours the snowy ground
First winter of bloodred snow
Victory for us or the grave below
First winter of bloodred snow
Join the Pagan killer show!
