

Intro (Arise)

Sepultura

(Intro: Man Speaking)

If one does what God does enough times, he becomes as God is

If you put it together, you get what you wanted

What you desired, if you do it enough times

He believes, you become one who is wanted, and desired, and accepted

Because God has Power

And if one does what God does enough times, one will become as God is(Verse 1: Vinnie Paz)

Yeah... Jedi Mind Baby...

Yeah

Yeah we bringin you the hardcore, the real raw type shit

You ain't never seen nothing before like this

Its all real, all ill, and all natural

We all kill, all still, an blast at you

I like blood, I like tasting ya flesh

I like slugs, I like David Koresh

I like anything thats related to death

I like any king that can reign with his fist

Now back to the topic at hand

Steadily Shine, Shine Steadily with my fam

Im the one who put the nail in the cross

I'm the one who told the world about an alien corpse

I'm the one who brought the truth to the light

If you listening to me you couldn't lose in a fight

Abusing the mic, with the force of five lions

Anybody fuckin with Paz can die trying

(Chorus: Stoupe (Mixing))

Mixed Sound Clips(Verse 2: Vinnie Paz)

Always a believer that my rhymings a virtue

You just a heathen, and you lie like the church do

I can't believe that Allah hasn't cursed you

You too commercial, you still a disgrace

You like to sit around with women watching Will & Grace

I can't over-stand your sweetness

You should try hire a therapist to beat this

I'm being facetious, you should heed this

Remain calm, study Islam, and read Torahs
You can't follow the paths of Mans Hill

You can't over-stand what I believe
You drown in an ocean of God and can't breath
It's like I've been involved with beef
Since the days of (?)
I learn how to worship Allah
I learn how to rhyme, and I teach it to yall
I'm speakin to yall
Its hardcore, real rap
Real Slugs, Real Clips and Real Gats
