Lost In the Twilight Hall (Demo)

Blind Guardian

Awaiting my last breath
The mirror calls my name
It's showing me the way
Into the dark
The bridge appears
I jump into the dark side
And hear the voice it's cold as ice
"Welcome to reality"Where am I now?
Darkness surrounds
Can't go forward
Can't go backI see planets dying
I fall into the light
A new universe awakes
I'm a Traveler in Time
Pray for the light
Where's the key
To the gate
Of a new life - no
I search for deliverance
But I cannot find[Chorus]
Look behind the mirror
I'm lost in the twilight hall
Once I'll be back for a moment in time
That's when the mirror's falling downTake me away
From the place I've been
To another life
In another world
A sign of life
Surrounds me now
The bridge appears in the dark
I'm free
I fly alone
Leaving the darkness now, forever?
The memories of children
And the wisdom of many lifes
Burns deep in me
Where will the light go to?
Where will the light go to?
Is this deliverance?

Is it the end?[Chorus]I'm back there's a new chance for me
And all my memories are gone
I can feel what's happening to me
And the mirrow will burst[Chorus: x2]
