

Five Days Old

The Laurie Berkner Band

I'm sittin here I'm one day old
I'm sittin here I'm two days old
I'm sittin here I'm three days old
I'm sittin here I'm four days oldone day I'll be a year
then I'll be two, then three, then four.
but as for now I'm sittin here
and I'm five days old and no days more.and i'm jumpin up i'm one day old
i'm jumpin up i'm two days old
i'm jumpin up i'm three days old
i'm jumpin up i'm four days oldone day i'll be a year
then i'll be two, then three, then four.
but as for now i'm jumpin up
and i'm five days old and no days more.i'm clappin my hands i'm one day old
i'm clappin my hands i'm two days old
i'm clappin my hands i'm three days old
i'm clappin my hands i'm four days oldone day i'll be a year
then i'll be two, then three, then four
but as for now i'm clappin my hands
and i'm five days old and no days more.i'm kickin out my legs i'm one day old
i'm kickin out my legs i'm two days old
i'm kickin out my legs i'm three days old
i'm kickin out my legs i'm four days oldone day i'll be a year
then i'll be two, then three, then four
but as for now i'm kickin out my legs.
and i'm five days old and no days more.and i'm gettin tired i'm one day old
i'm gettin tired i'm two days old
i'm gettin tired i'm three days old
i'm gettin tired i'm four days oldone day i'll be a year
then i'll be two, then three, then four
but as for now i'm gettin really tired
i'm five days old and no days more.i'm jumpin up i'm one day old
i'm jumpin up i'm two days old
i'm jumpin up i'm three days old
i'm jumpin up i'm four days oldone day i'll be a year
then i'll be two, then three, then four
but as for now i'm jumpin up
and i'm five days old and no days more.five days old and no days more
five days old and no days more.
