Tried

Gys

Rain makes this house cold, bedroom on the first floor
Winter takes it's toll on me
I'll never give up, I'll never give way
My stubborn side sees light today
What can I expect from naked nights in the arctic
Suppose I can't complain when I've got the means to change
It's never enough.
No, it's never enoughI ask myself, "One more?" (one more)
Or is it time to say (to say)
"We tried and quit"
I ask myself, "One more?" (one more)
Or is it time to say (to say)
"We tried and quit"
One more?
One more?
We tried.
Never giving up, never giving way
Fighting for the fat chance it will change
