# Big Day

## Lodger

It's watery coffee, at two o'clock
Crawl from the hotel, an abandoned dog
Nickel slots, and a coke
Lucky strikes, are my holy smokes

It's gonna be a big day
Biggest day of them all (of them all)

Day old soup, at Careful Kitty's
One straight drink, helps me feel less shitty
Wet face in the mirror, and a hopeful wink
Time to hit the tables, time to think

It's gonna be a big day
Biggest day of them all
It's gonna be a big day
Biggest day of them all (of them all)

It's gonna be
A big day it's gonna be [Repeat: x7]
A big day
