Please Take Me with You

Broken Social Scene

Please take me with you
I'm so tired
All the fools are winning
And nobody's wild
It's all about the fingers
Not about the eye
Please take me with you
I need your kindAnd we'll run away for life
Yeah we'll run away for life
([?] I do I see the light above you)
([?] I do I see the light above you)
Please take me with you
It's getting dark
And nobody's speaking
Everyone's getting caught
All the men are leaving
There's nothing to stop
Please take me with you
I want your heartAnd we'll run away for life
([?] I do I see the light above you)
Yeah we'll run away for life
([?] I do I see the light above you)
Please take me with you
Yeah I'm so tired
([?] I do I see the light above you)
And nobody's speaking
And nobody's wild
([?] I do I see the light above you)
It's all about the fingers
It's not about the eye
([?] I do I see the light above you)
Please take me with you
I need your kind
