

Paul

Smoking Popes

With all the simple times behind me
I can fail without regret
If I have to try then I will never be able to forget
Bottoms down and out of reasons to hang around And when the sun is over Hong Kong
I can tell you where she'll be
Floating in a soft and lonely melody, directly over me
Chocolate eyes at one time melting in mine but not tonight She'll say, "I love you Paul"
"I love you Paul"
"I love you Paul"
Hey hey, hey hey And now everything is riding on a bet that I can't win
If she's not the answer
I've been looking for I'll never ask again
Some say that the answer comes from within meanwhile She'll say, "I love you Paul"
"I love you Paul"
"I love you Paul"
Hey hey, hey hey Can you tell me where to find me?
Have you seen me hanging around?
I'm looking for myself each night till sunrise
The only thing I've found
Broken dreams and a heart that's stuck to the ground
And with a smile She'll say, "I love you Paul"
"I love you Paul"
"I love you Paul"
Hey hey, hey hey She'll say, "I love you Paul"
"I love you Paul"
"I love you Paul"
Hey hey, hey hey
