

Still In Love With You

Gary Moore

I think I'll just fall to pieces
If I don't find something else to do
This sadness never ceases
Woman, I'm still in love with you

My head, it keeps on reeling
It's got me in a crazy spin
Oh, Darling, darling, darling, darling
Is this the end?

Still in love with you

So people say time has a way of healing
And it can dry all the tears from your eyes
Oh but darling they don't tell you
About this empty feeling
And I can not disguise it

After all that we've been through
I try my best but it's no use
I'll always keep on loving you
Is this the end?

Still in love with you

Now that it's all over
Woman, there's something I think you should know
Baby, baby, you might think it over
Just one more time before you go

Call on me baby
If there's anything I can do for you
Call on me baby, baby
Help me see it through

I'm still in love with you
