Cape Of Our Hero

Volbeat

All of the perfection nothing will and can be made
The old skin has to shed before the new one sees the day
Opportunities to find the deeper powers in ourselves
Come when life is breathing and seem more than what it isGo blindly completelyYou tell me how I can fly away
And believe that all the angels are coming
You bring me down then I will fly again
And believe that all the angels are comingThe kingdom of the fathers and the heroes where are you
I'm talking to you every night more than I should do
What awaits and when will be the day
When I can wear the cape
I'm lying on the ground as always staring into the airGo blindly completelyYou tell me how I can fly away
And believe that all the angels are coming
You bring me down then I will fly again
And believe that all the angels are comingThe stars are long gone but we can still see their glow
Long after they've skidded off into oblivion
