Rock You Down

Triumph

CHORUS:
I just wanna rock you, wanna rock you
I just wanna rock you girl, down, down, down
Wanna rock you, wanna rock you
Wanna rock you downTired of talkin', don't mess me around
I wanna rock you girl, down, down, down
Time to move it baby, take it underground
I wanna rock youCHORUSC'mon girl make up you mind
Your body's talkin' and I'm on the line
No time to lose, let's roll the dice
Test your limits, find out if you're aliveCHORUSDon't hesitate you'll only pay the price Live for the moment and don't think twice
C'mon baby I wanna make your mine
Send me a message or some kind of signMmmm yeah, let's talk about it
It's party time at the house of blue light
Every Saturday nightYou know I've seen a lot of ladies strut through this place
But when I first laid eyes on you I thought I'd...
You look so good...so hot
I just can't resist...
