What Goes Around Comes Around (Club Version)

Ida Corr

All aboard
Are you ready for the truth today?I was young, not so long ago
Thinking nothing I would do could ever come
I was wrong, but now I know
That in fact what goes around, comes aroundIt goes around
And comes around
What goes around
Comes around, goes around
Goes around
Comes aroundAll aboard
Are you ready for the truth today?
All aboard
Are you ready ready readySo naive
Invincible
Sure that nothing in this life could bring me down
I realise that it ain't so
And whatever goes around, comes aroundIt goes around
And comes around
What goes around
Comes around, goes around
Comes aroundThere was only me, myself and I
Only dancing to my very own sound
But I was wrong and that now I know
That in fact, what goes around comes aroundIt goes around
And comes around
What goes around
Comes around, goes around
Comes around
What goes around
Comes around, goes aroundAll aboard
Are you ready for the truth today?
All aboard
Are you ready ready readyIt goes around
And comes around
What goes around
Comes around, goes around
Goes Around
And comes around
What goes around

Comes around
