Blur

I've gotta get over
I've gotta get over
I've gotta get better
I'm with you forever I've gotta find genius
(Caramel)
I've gotta get better
(Caramel)
I've gotta stop smoking
(Caramel)
I've gotta get better
(Caramel, caramel) Where's the magic?
I've gotta get better
Oh, Lord, give me magic
I'm with you forever I've gotta find my own skill
(Caramel)
And live by the mountains
(Caramel)
I love you forever
(Caramel)
I knew I, I knew I
(Caramel) Caramel, caramel
Caramel, caramel
Caramel, caramel [Incomprehensible] Low, low, low
Low, low, low
Low, low, low
