Country Heroes

Ghost Highway

Well, oh what a feeling
That burns down low
When you ain't got no where to turn
Or no where to go
It makes me feel like sometimes
I'm outta control
So, I'm gonna get wasted
With all my country heroes
And I'm drinkin' some George Jones
And a little bit of Coe
Haggard's easin' my misery
And Waylon's keepin' me from home
Hank's givin' me those high times
Cash is gonna sing it low
And I'm here gettin' wasted
Just like my country heroes
Hey, I'm drinkin' that whiskey
Out of that glass
And if that ain't country
Well boys, you can kiss my ass
'Cause I wanna hear them old songs
Nothin' of the new
'Cause this might be the last time
I'm gonna see you
So, I'm drinkin' some George Jones
And a little bit of Coe
Haggard's easin' my misery
And Waylon's keepin' me from home
Hank's givin' me those high times
Cash is gonna sing it low
And I'm here gettin' wasted
Just like my country heroes
I'm gettin' wasted
With all my country heroes
I'm gettin' wasted
With all my country heroes
