Blessing Emmanuel

Verse 1

I remember where I used to be
On that mount of shame
Before you found me
You drew me closer
You became my life
And now I'm bound
To boundless love you show me

Chorus

Obu gi ji ndu mo
(You are the holder of my life)
So gi ji ndu mo
(You are the only holder of my life)
Nara ekele
(Receive the praise
Chi ji ndu mo
(God the holder of my life)

Verse 2

Trying to fully explain
This mystery that's called love
But it's too deep beyond the ocean's depth
Dear Lord you shower me love
Because you are love
So tender and kind
Ever ready to rescue your very own

Chorus

Obu gi ji ndu mo
(You are the holder of my life)
So gi ji ndu mo

(You are the only holder of my life)
Nara ekele
(Receive the praise
Chi ji ndu mo
(God the holder of my life)

Bridge

Chi ji ndu mo
(God the holder of my life)
Iji ndum oooo
(You hold my life)
The holder of my life
You are my shield
You're the lifter of my head
You are my foundation
My strong tower
The owner of the universe
Jesus Jesus Jesus

Verse 3

Just like father and child
You are more than dear
So you don't have to fear
Cos He is ever near
Give him the chance to hold your life
He'll hold it tight like he holds mine too
