

# Forever

## Bobby Brown

Verse 1

My love

Your the only one that i live for

Finally found someone that i die for

Endlessly forever girl

I adore the tender love you given to me

Bridge

Hope i never wake up from this love dream

Because I'm in another world that so free

But look what you've done to me

Cause I keep given my all to ya lady

Chorus

I finally found

The woman I need

The ultimate world

Of you and me

And baby i feel

Your love

Let's make this forever

And ever

Verse 2

Incredible

Show me a new way to give love

Unconditional from my heart

And I'll do anything to make you smile

Smile, smile, smile for me

Bridge

Chorus 2x

Baby

Break it down, break it down

Just, just

Just a little bit

Bridge 2

I finally found

I finally found someone

(2x)

I finally found, finally found, finally found

Chorus

I finally found  
The one i need (Let's make this forever)  
(2x)

I finally found  
The one I need (Let's make this forever and ever)

I finally found  
The one I need (Let's make this forever)  
(2x)

And baby i feel  
Your love  
Let's make this forever  
And ever
