In My Time Of Need

Seemless

In my struggle to maintain in this existence
I try to make it on my own but I fall astray
I feel so lost, it brings me to my kneesGive me the strength I need when I'm feeling weak now
This is my time of need, right now
Give me the peace I need when I'm feeling restless
Oh, God, I need You, I need You nowI know there will be a time when I have fallen down
But Your hands will guide me out and purify my soul
I feel so lost, it brings me to my kneesGive me the strength I need when I'm feeling weak now
This is my time of need, right now
Give me the peace I need when I'm feeling restless
Oh, God, I need You, I need You nowSometimes I feel so lost
When I fall you help me to rise againI know there will be a time [Incomprehensible]
Your hands will guide me out, that's what I need to know
In my time of need, in my time of need, right now
