Slow Motion

Color Me Badd

Ooh, sock it to me mama

Oh, I thought I saw a pussy cat, baby

Ya she looks like she can be my personal steady

Ya, let me make this moveBaby, I want cha very bad, babe, I do

And I've been wanting you for so long, oh

And I could never love you fast, babe, not you

I take my time and love you all night longAll night, you know that I want your love

Let me make it right for you

All night, you're the one I'm thinking of

Once I make it right

Baby, I know you will never go, slowI like to love you in slow motion

Ooh, ya got it goin' on slow

Let me love you slow, slow

I like to love you slow so morning will come before I do

Let me love you, slowAh, come on, my motor is runnin'

You got this animal hype in ya

I gotta slow it down

To get my timing rightBaby, I think you're very sexy, I do

Come over here and get a little bit closer to me, yeah

The time has come for me to love you real slow, slow

Motion lover is what they call me, slowI like to love you in slow motion

Ooh, ya got it goin' on slow

Let me love you slow, slow

I like to love you slow so morning will come before I do

Let me love you, slowHow do you wanna do it baby?

Oh, 20 miles an hour is the speed I drive, all night

Ain't nothin' wrong, I just take my time, yeah, but yo check this out

Don't get offended if I fall for a little behind baby, yeah, all right

20 miles an hour and uh, your rump is mine, yeahI like to love you in slow motion

Ya got it goin' on slow

Let me love you slow, slow

I like to love you slow so morning will come before I do

Let me love youOoh, sock it to me mamaAll night, you know that I want your love

Let me make it right for you

All night, you're the one I'm thinkin' of

Once I make it rightOh, 'Make it good', is my national anthem, babyAll night, you know that I want your love

Let me make it right for you

All night, you're the one I'm thinkin' of

Once I make it rightAll night, you know that I want your love

Let me make it right for you
All nightLike a turtle and hare, I promise I will be there
Oh am I in? On my honor I will do my best
To steal all I can and bonk the rest, yeah
You all just as crazy as joy
