Gone

Jennifer Hudson

Can you imagine what it would be like if we never met?
If we never kissed?
Can you imagine if we never got to spend those nights
In each others arms?But I don't know how it feels
But it will probably kill me, probably it will tear me down
So I, I don't think about it
'Cause my heart can't take it if you were goneIf you were gone
If you were gone
If you were gone
If you were goneIf you were gone
If you were gone
If you were gone
If you were goneCan you picture yourself getting older, dear
With someone else?
I can't 'cause I feel like we are the exception to the rule
I know this love is trueAnd I don't know how it feels
But it will probably kill me, probably it will tear me down
So I, I don't think about it
'Cause my heart can't take it if you were goneIf you were gone
If you were gone
If you were gone
If you were goneIf you were gone
If you were gone
If you were gone
If you were goneDon't rewind anything
Too excited to see what tomorrow brings
You changed my world around
And I am not scared to go fall down in loveBut if you were gone
If you were gone
If you were gone
If you were gone
If you were goneIf you were gone
If you were gone
If you were gone
If you were goneIf you were
If you were
If you were goneIf you were
(I can't imagine)
If you were

(I can't imagine)
If you were gone
