

# Keep Me In My Plane (Rodion Remix)

## WhoMadeWho

Watch a movie i've seen five times before  
Falling asleep with my head  
On the emergency door Food tastes good at fifty thousand feet  
Red wine and cognac  
Makes me feel complete Make me feel safe  
Keep me in my place  
Make me feel safe  
Keep me in my place The snow and ice  
A green hill below  
One more place  
I would like to go Make me feel safe  
Keep me in my place  
Make me feel safe  
Keep me in my place Watch a movie i've seen five times before  
Falling asleep with my head  
On the emergency door Make me feel safe  
Keep me in my place  
Make me feel safe  
Keep me in my place Make me feel safe  
Keep me in my place  
Make me feel safe  
Keep me in my place
