I Can Never Be

Maverick Sabre

And you know I can never be, what you want me to be
And you know that I'll never ever change
And you know that man you want isnt inside of me, so I might as well just walk out into the rain...
I tried so many times to be who you wanted, so much better than before
And I tried to say them things you wanted to hear but it never never ever does.
(chorus)
And you know I can never be, what you want me to be
And you know that I'll never ever change
And you know that man you want isnt inside of me, so I might as well just walk out into the rain...
I can picture you lying beside me
Still remember kissing your face and watching you smile

I can never be something im not and you know this
But I wish I could hold your hand, and tell you its alright
But its so so hard not to speak to you
Cause I want to hear your voice again
And its so so hard not to speak to you
Cause I....want to hear your voice again
(chorus)
And you know I can never be, what you want me to be
And you know that I'll never really change
And you know that man you want isnt inside of me, so I might as well just walk out into the rain...x2
I can never never be what you want me to be
