Hot Blooded Love

Sleep Machine

Wont you
Dip your fingers
Deeper into my soul
The evil things
You got me thinking
If you're the devil im sold

Its the way you move
Theres nothing left to prove
Dont stop whatever you're doing
Its the way you keep turning up the heat
Baby were too hot for koolaid

Chorus:
Burn me to the core
Cmon gimme gimme more
Of your hot hot hot oh
From the ceiling to the floor
Theres a fire being born
From you're hot hot hot
Hot blooded love

Are you looking
For an angel
Cuz I like to be bad (So bad so bad)
Got me in you're inforno
Cuz I like it like that
Its the way your lips
Feel between my hips
Dont stop whatever you're doing.
Im under your spell
You make me wanna melt
Baby were too hot for koolaid

Repeat Chorus x2
