

Sex E Bizarre (feat. Steven Tyler) [Bonus Track]

Orianthi

Poison on your lips
Fatal little kiss
Once you've been bit
Ain't no getting over it Oh, come on baby
Oh, don't keep me waiting
Don't leave me broken hearted
Let's get this party started
Hey, hey, hey Sex E Bizarre
That's who you are
You're driving me crazy in your bad boy car
You ain't no angel, rock star
Turn it up
Make it loud
Rock it out
Sex E Bizarre Devil with a smile
Darker side of wild
Laying down your spell
On a sweet voodoo child Oh, come on baby
Oh, don't keep me waiting
Don't leave me broken hearted
Let's get this party started
Hey, hey, hey Sex E Bizarre
That's who you are
You're driving me crazy in your bad boy car
You ain't no angel, rock star
Turn it up
Make it loud
Rock it out
Sex E Bizarre Oh, come on baby
Oh, don't keep me waiting
Oh, oh
Hey, hey, hey Sex E Bizarre
That's who you are
You're driving me crazy in your bad boy car
You ain't no angel, rock star
Turn it up
Make it loud
Rock it out
Sex E Bizarre
