

Three Wishes

Dean Martin

(Three wishes just three simple wishes)
If I only had three wishes
Here is just what I would do
First I'd wish for days of gladness
With a someone sweet and true For my second wish a dream house
Cozy fireside for two
And the last of my three wishes
Please love me as I love you If I only had three wishes
Here is just what I would do
First I'd wish for days of gladness
With a someone sweet and true For my second wish a dream house
Cozy fireside for two
And the last of my three wishes
Please love me as I love you
Please love me as I love you
