

# Keep On Dancing

## Bobby Fuller

Well, looking for my baby  
She was no where in sight  
Everything wasn't going all right  
My baby keep on dancing  
Keep it on all night long

Well we made good time  
With the swingin' and stompin'  
Doing the dog and he was now somethin'

Keep on dancing  
Keep it on all night long

Well keep on dancing all night long  
Keep it on all night long, my baby  
Keep on dancing  
Keep it on all night long

{Instrumental}

Well her mother came in about a quarter to four  
Shook herself all over the floor  
Keep on dancing  
Keep it on all night long

Well, yah hah

Keep on dancing  
Keep it on baby  
Keep it on all night long

Well keep on dancing all night long  
Everybody, yea to this song  
Keep on dancing  
Keep it on all night long
