Caught in Heaven

Music and Lyrics by: Charly Sahona

When the fog cleared away,  
I saw a fairy dancing and just asked her :  
Take me to this place  
Where nobody gets old, where hope never dies.  
Blinded by some old dreams,  
Guided by frustration,  
Didn't see the other side .  
Can reach a million suns but  
Can't feel the heat of the light,  
Iâ€™m Caught in Heaven .  
Can touch a thousand girls but  
Can't even love a single one,  
Caught in Heaven.  
It feels like I met it.  
Changed a normal life to live a special one.  
Charmed by the beauty of the beast  
Who've called me, teased me for so long.  
All the fears are gone now  
With the past that brings them ,  
Free at last as I said yes.  
Can reach a million suns but  
Can't feel the heat of the light,  
Iâ€™m Caught in Heaven .  
Can touch a thousand girls but  
Can't even love a single one ,  
Better crazy with the whole world than peaceful and pleased alone...
