

# Adrienne

## The Calling

I've been thinking about you, my love  
And all the crazy things that you put me through  
Now I'm coming around, throwing it back to you  
Were you thinking of me when you kissed him?  
Could you taste me when you licked his skin?  
All the while I showered you with trust and promises  
What I'm needing now is some sweet revenge  
To get back all that I lost then  
I gave you all I had to give, but I could never reach you  
Oh, Adrienne, I thought I knew you  
Once again, you used me, used me  
Adrienne, I should have left you  
Long before you used me, used me up  
Spent my money, drove my car, I treated you like a shining star  
But in my sky all burnt out you are  
And I'll have the last laugh, when I see you walking with some other guy  
'Cause I know you're gonna end up all alone  
So take these words, some good advice  
All you've done gonna come back twice  
You never cared how much it hurt, I really need to tell you  
Oh, Adrienne, I thought I knew you  
Once again, you used me, used me  
Adrienne, I should have left you  
Long before you used me, used me up  
You used me up  
What I'm needing now is some sweet revenge  
To get back all that I lost then  
I gave you all that I had to give, and I could never reach you  
Oh, Adrienne, I thought I knew you  
Once again, you used me, used me  
Adrienne, I should have left you  
Long before you used me, used me  
Adrienne, long before, Adrienne  
Oh Adrienne, Adrienne, oh yeah
