Five Star Laundry

Motor Ace

My outside feeling is wrapped in a million things
God, it's good to be back home
While I'm cast in doubt
We'll sit and talk about
The many ways of getting back, yeah
Five star dreams are still my call
You said I'm insane but I'm not sure
Yeah, yeah, yeah
While I'm passing out don't fall
We've been here before, who's keeping score?
The company I keep it puts my heart to sleep
Better to be someone you know
While I'm cast in doubt
We'll sit and talk about
The many ways of getting stoned
Five star dreams are still my call
You said I'm insane but I'm not sure
Yeah, yeah, yeah
While I'm passing out don't fall
We've been here before, who's keeping score?
Yeah, yeah, yeah
Yeah, yeah, yeah, yeah
