

Crocadillo

Badfinger

You're the only one I need (Crocadillo)
See the only woman to please, Crocadillo
She's looking so fine
She's losing some mind, have you got it?
Crocadillo (Crocadillo) She can make a man out of me (Crocadillo)
She's the only woman I see, Crocadillo
She's losing some find
She's losing some mind, have you got it?
Crocadillo (Crocadillo) She's got it anyway around, anyway around with me
Get everything about her
Seen it on TV, Crocadillo She's got it anyway around, anyway around with me (anyway around...)
Get everything about her (...anyway around...)
Seen it on TV (...anyway around with me) She's looking so fine
She's losing, she's mine
You're losing your mind
Nothing is mine
You got it, you got it
Crocadillo!
Crocadillo
Crocadillo Go, go, go little huba
