

Big Star Machine

Superchic[k]

Could someone help me comprehend
How I'm wanting to have friends is now this monster that I feed
It's popularity I need
When people think that I'm the deal
It helps me feel like I am real
but I think I lost the me looking for the star machine
I don't want any part of it. everything is...

[CHORUS]

Here today, gone tomorrow

Big star machine

Ricky Martin or Menudo

Big star machine

VH1 where are they follows

Big star machine

How could I have been so shallow

Big big star machine Big big star machine Big big star machine Could someone help me comprehend

How I came to judge my friends

On a scale of trendiness

And somehow I love them less

Not as hip as they could be

Through the eyes of star machine

It's a dumb philosophy

To judge my popularity

I don't want any part of it. everything is...

[CHORUS]

Here today, gone tomorrow

Big star machine

Ricky Martin or Menudo

Big star machine

VH1 where are they follows

Big star machine

How could I have been so shallow

Big big star machine. Big big star machine. Big big star machine.

everything is...[CHORUS]

Here today, gone tomorrow

Big star machine

Ricky Martin or Menudo

Big star machine

VH1 where are they follows

Big star machine
How could I have been so shallow
Big big star machine. Big big star machine. Big big star machine.
Big big star machine. Big big star machine.
