Blue Days

Racoon

Broken down and shut-eyed, dangerous down the road.
People's tricky business turns to overload.
Don't remember clearly blank behind the eye.
I caught up with the memory. I never said goodbye.I remember faces behind that wall of yours.
I remember fistfights until one of us dropped.
Don't recall all the details. Some are better off.
I wish that it was possible to review the best of.Day by day it hits in.
Thanks for all you did in the blue days.Bit by bit it hits in.
Thanks for all you did in the blue days.
I got to try al little more,
because I'm an asshole but I'm learning.
I got to try al little more,
because I'm an asshole but I'm learning, yeah I'm learningThis is a picture of us all standing in the hallway.
Looking quite ridiculous, a little overdressed.
You never understood I had to take the call.
Because without dreams there's nothing left at all.Day by day it hits in.
Thanks for all you did in the blue days.Bit by bit it hits in.
Thanks for all you did in the blue days.You got to try al little more,
because you're an asshole but you're learning.You got to try al little more,
you're still an asshole but you're learning., yes you're learning
Broken down and shut-eyed, dangerous down the road.
You say I took a sideway.
You say I broke the oath.
I don't remember clearly.
It's blank behind the eye.
I caught up with the memory.
I never said goodbye.
