One Thousand

Juicy J

(Verse)
My heart a blaze with a kind of emotion
I see his face when I close my eyes
I speak his name in my sleep
'Cause he's here in my dreams
Whisper soflty I stay by your side
(Verse)
My heart's a drum and my mind is an ocean
You have my heart so wherever I go
I let you drum but I see
'Til it replays through me
Like a siren you're backing me home
(Chorus)
I must've cried a thousand times
I've heard thousands of your lies
Walked a thousand miles for you
So for the thousand time don't
Don't play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
(Verse)
You were well disguised and proctected
'Cause you wore you mask when we met
And you never took it off
No you never took it off
No you never even knew what it meant
(Verse)
And I've tried to reason and bargain
Even compromise and bet
Now I see what you want

I know what you could be
But I'll never forget what you've been
(Chorus)
I must have cried a thousand times
I've heard thousand of your lies
Walked a thousand miles for you
So for the thousand time don't
Don't play with me
Don't play with me
Don't play with me no more
Don't you play with me

Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
(Bridge)
If it's not what you want
And I'm not what you want
Then what do you want from me
(What do you want from me)
I'm screaming you won
At the top of my lungs
So why not be done with me
(Why not be done with me)
Oh let it burn let it burn let it burn
'Cause boy I don't trust you
So it's bitter when I say so
I know I still love you
(Chorus)
I must have cried a thousand times
I've heard thousand of your lies
Walked a thousand miles for you
So for the thousand time don't
Don't play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
Don't you play with me

Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
(Chorus)
Don't play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
Don't you play with me
Don't play with me
Don't play with me no more
