## Ginny Blackmore

Sometimes, when I'm sitting on my bed  
Feeling so, so lonely  
Wishing someone'd hold me,  
All I have is three little notes playing in my head.

I try to be everything to everybody -  
That didn't work, bubble bubble burst.  
Now all I have is three million melodies  
To kill the hurt.

And I'mma I'mma I'mma I'mma  
Sing 'em out,  
Sing 'em out just for myself,  
'Cause I don't even care what the world thinks  
'Bout how I sound.

'Cause when I open my mouth  
My whole heart comes out.  
Every tear that I want to cry stays in  
'Cause I'm singing 'til I'm winnin'  
Gonna sing all night.

When I open my mouth,  
There's no place to hide  
And everything that I've been feeling  
Flows like a stream  
I'm singing 'til I'm winnin'  
Gonna sing for me.  
(Sing for me, sing for me)

All eyes on the hunnies with the bodies that could  
Rock it like a rockstar, make you cry, go wild.  
But what about the ones with the hearts  
So big they bring the stars out?

My stage is the greatest in the world  
At the bottom of my bedroom, not much headroom,  
But I can hear my three million melodies  
Make the place go home.[?]

And I'mma I'mma I'mma I'mma  
Sing 'em out,  
Sing 'em out just for myself,  
'Cause I don't even care what the world thinks  
'Bout how I sound.

'Cause when I open my mouth  
My whole heart comes out.  
Every tear that I want to cry stays in  
'Cause I'm singing 'til I'm winnin'  
Gonna sing all night.

When I open my mouth,  
There's no place to hide  
And everything that I've been feeling  
Flows like a stream  
I'm singing 'til I'm winnin'  
I'mma sing for me.  
(Sing for me, sing for me)

Sing for myself, sing what I believe.  
(Let my heart, heart come out)  
Right here, right now, let the rain come down.  
(Sing for me, sing for me)  
Sing for myself, sing what I believe.  
(Let my heart, heart come out)  
Right here, right now, make my  
Own own own notes sound.

'Cause when I open my mouth  
My whole heart comes out.  
Every tear that I want to cry stays in  
'Cause I'm singing 'til I'm winnin'  
Gonna sing all night.

When I open my mouth,  
There's no place to hide  
And everything that I've been feeling  
Flows like a stream  
I'm singing 'til I'm winnin'  
I'mma sing for me.
